

**Report on
Guest Lecture on World Water Day**

Date: 17th August 2024

NOTICE

All Student Teachers are hereby informed that Green Club Committee will be Organising Guest Lecture on World Water Day on 22nd March 2025 to raise awareness about the importance of conserving water and promoting sustainable water management. All students (Future Teachers) are encouraged to participate actively and make this event a grand success. Let's come together to celebrate this important day and take a step towards saving our planet's most precious resource.

CONVENOR

PRINCIPAL

CC:-

1. To departmental heads
2. To file
3. To the staff room notice board.

Date: 22nd March, 2025

Venue: Room No.12

Objective of the activity:

1. To enhance students' understanding of the importance of freshwater and the need to conserve it for future generations.
2. Encourage eco-friendly habits such as reducing water usage, reusing water, and promoting rainwater harvesting within the campus.
3. Motivate students to actively engage in discussions, campaigns, and projects related to water conservation.

Outcomes of the activity:

1. Greater understanding of the importance of water and the current global and local water-related issues for sustainable development.
2. Teacher Students learn about water-related issues in an interactive and engaging way, encouraging them to be future change-makers.

World Water Day is observed every year on 22nd March to raise awareness about the importance of freshwater and to advocate for the sustainable management of water resources. In alignment with this global initiatives. S.L.Womens College of Education Green Club Committee organized a vibrant celebration of World Water Day on 22nd March 2025 to engage students, faculty members in meaningful discussions and activities cantered on water conservation. The celebration began at 10 am with an inaugural speech by Mr. Hemant V Karkhanis, who emphasized the importance of preserving Mangroves –A habitat which links water to the land. The World Water Day celebration at College was a great success, marked by enthusiastic participation and a shared commitment to water conservation. The event not only educated but also inspired Teacher Students to take small but impactful steps towards a sustainable future and which will helpful to teach the same for future generation.
