

**Report on  
“Best Out of Waste” Activity – Participate & Showcase Your Creativity!**

**Date:** 7th April 2025

## **NOTICE**

**Subject: “Best Out of Waste” Activity – Participate & Showcase Your Creativity!**

All students are hereby informed that our college is organizing a "**Best out of Waste**" competition to encourage creative thinking and promote the reuse of waste materials in an innovative way.

📅 **Date of Event:** 12th April 2025

🕒 **Time:** 2:00 PM

📍 **Venue:** Room no 13

### **Guidelines:**

- Participants may compete individually or in teams (maximum 2 members).
- Only waste or recyclable materials should be used for the creations (e.g. old newspapers, plastic bottles, boxes, fabric scraps, Coconut shells, etc.).
- Bring your own materials. Basic stationery will be provided.
- Judging will be based on creativity, usefulness, presentation, and eco-friendliness.

★ **Last date to register:** 10th April 2025

# Report

**Date:** 12th April

**Time:** 2:00 PM

**Venue:** S.L. B.Ed College of Education, Ulhasnagar-4

The S.L. B.Ed College of Education, Ulhasnagar-4, successfully organized a creative and eco-friendly event titled "**Best Out of Waste**" on **12th April at 2:00 PM** in the college premises. The event was aimed at promoting environmental awareness and encouraging sustainable practices among the students.

## ❖ Objective:

The primary objective of the activity was to foster creativity and innovation while promoting the concept of recycling and reusing waste materials. Students were encouraged to think out of the box and turn discarded items into something useful and aesthetically pleasing.

## ❖ Participation:

The event witnessed enthusiastic participation from B.Ed. students across all semesters. Participants worked individually or in teams to craft impressive items using household and recyclable waste such as plastic bottles, old CDs, newspapers, cardboard, fabric scraps, and more.

## ❖ Highlights of the Event:

- A variety of unique and functional items were presented, including wall hangings, pen stands, planters, decorative pieces, and storage boxes.
- Students showcased their ideas with creativity, attention to detail, and a strong message about waste management.
- A panel of faculty members served as judges, evaluating the entries on the basis of creativity, utility, presentation, and eco-friendliness.
- The top three creations were awarded certificates of appreciation and small eco-friendly prizes.

### ❖ Conclusion:

The "Best Out of Waste" activity proved to be a great success, sparking creativity and instilling a sense of environmental responsibility among students. It served as a reminder that sustainability begins with small, mindful steps, and that waste can indeed be turned into wonder with the right mindset.

The college looks forward to conducting more such activities that combine learning with environmental consciousness.
